

LED Menu Boards

Single sided menu boards

- Energy efficient LED illumination system
- Standard sizes available online
- Custom sizes and finishes can be fabricated
- Components comply with C-Tick standards

Our single sided menu boards have the ability to be either mounted on a bulkhead or a supported ceiling to suit your installation requirements. We provide two standard size options 800 (h) x 600 (w) or 600 (h) x 500 (w). Both size options come as single image units and can be mounted side by side to create a multiple image restaurant menu board.
